TO THE PUPILS OF ARP HIGH SCHOOL

It is my prayer that God will give me the sensitivity to understand youth, to recognize your needs and your problems and to plan to resolve them even before they become a problem; to appreciate each of you for what you are and not what I want you to be.

To open my eyes to the potential in each of you and cause me to respond in such a way that each of you will want to do your best in whatever school activity you may be doing.

In addition my wish for each of you is that you have a successful year in school and that each of you has prepared yourself to meet the future.
